DOC-001 | Master Supply Agreement

Document type: Executed agreement

Execution date: January 8, 2026

Parties: Horizon Manufacturing, LLC (Buyer); Summit Components, Inc. (Seller)

Document control ID: DOC-001; pages 1-2

Supply and delivery

1. Seller shall provide 2,000 SC-40 control modules at a unit price of $42.00, for a total contract price of $84,000. Buyer shall pay net 30 days after a conforming invoice and delivery of the applicable goods.

2. Seller shall deliver all 2,000 modules to Buyer's receiving facility at 4500 Brighton Boulevard, Denver, Colorado, no later than February 15, 2026. Shipment is FOB destination. Time is of the essence.

Changes and notices

3. A change in specifications, packaging, delivery date, or quantity is effective only if documented in a written change order signed by an authorized representative of each party. Routine implementation communications do not themselves amend this agreement.

4. Notice of a delivery problem shall be sent promptly by email to the commercial contacts below. Notice does not by itself extend the delivery deadline.

Remedies and limits

5. Following material nonperformance and written notice to Seller, Buyer may purchase commercially reasonable replacement units and seek recoverable direct damages, subject to applicable law and proof. Any amounts saved because of nonperformance shall be credited.

6. Neither party is liable to the other for consequential or special damages, including lost profits, except to the extent prohibited by applicable law. The parties dispute neither the existence nor the text of this limitation in this simulation.

7. Colorado law governs. The parties consent to courts of competent jurisdiction located in Denver County, Colorado. No arbitration requirement.
