DOC-008 | Supplier Delay Notice

Email date: February 12, 2026, 17:42 MST

From: Daniel Ortiz <dortiz@summit.example>

To: Maya Chen <mchen@horizon.example>

Subject: URGENT: SC-40 delivery adjustment

Maya, production will not be able to finish the full order in time for February 15. We expect roughly 600 units to ship first, with the balance to follow in early March. The warehouse labeling changes have contributed to our current scheduling problems, along with a controller-chip shortage.

We apologize and will update you on the first shipment as soon as we have the bill of lading.

Daniel

No proposed signed change order or revised delivery agreement is attached.
